## PROFESSIONAL EXPERIENCE

### LEAD FREELANCE DESIGNER & CREATIVE DEVELOPER

2021 – PRESENT

Self-employed · Global Clients – Brand & Full-Stack Web Platforms

- Designed end-to-end brand identity and multi-page web platform for luxury asset firm The Camden Brokers in London.
- Shipped 15+ bespoke brand systems for London and international nightlife, club nights, and hospitality venues.
- Engineered custom Next.js/React web applications with interactive 3D particle shaders and sub-second load times.
- Delivered physical menu systems, packaging, and large-format festival key art ready for high-volume commercial print.

### FULL-STACK PRODUCT ENGINEER — WATBEE WHATSAPP SAAS

2025 – PRESENT

WatBee Product Team · Automated Conversational Platform

- Architected frontend UI and backend microservice sidecar keeping WhatsApp Web QR sessions alive independently.
- Built responsive client portal and campaign broadcasting queue with FastAPI, Node.js, and MongoDB.
- Reduced onboarding friction by 60% through streamlined conversational QR scanning and interactive preview states.

### BRAND & VISUAL DESIGNER

2021 – 2024

Hospitality, Events & Creative Venues – Visual Identity & Digital Collateral

- Crafted visual identity packages, typographic layouts, and social campaign assets for high-profile hospitality brands.
- Collaborated closely with venue managers, event promoters, and marketing teams to meet strict turnaround deadlines.
